

AKASH NAIR

Software Developer

Ahmedabad | +91 9499592318 | nairakash128@gmail.com | linkedin.com/in/akashnair14

CAREER SUMMARY:

Backend Software Developer with 1.5+ years of professional experience and 2 years of full-time internship experience in building scalable backend systems using ASP.NET Core and SQL Server. Skilled in designing RESTful APIs, implementing JWT-based authentication, and optimizing database performance. Experienced in handling production issues in high-volume applications.

WORK EXPERIENCE:

Ethos HR

Software Developer | May 2026 – Present

- Contributing to the modernization of **Gujarat Chief Minister Dashboard** by migrating legacy ASP.NET Web Forms modules to ASP.NET Core MVC, improving maintainability and aligning the application with modern .NET architecture.

DEV Information Technology

Software Developer | DECEMBER 2024 – MAY 2026

- Developed and optimized backend modules for Gujarat's Civil Registration System (**E-Olakh**), handling high-volume workflows (~500,000 records/day)
- Improved SQL Server performance using indexing and execution plan tuning, reducing query response time by 40%
- Designed and maintained RESTful APIs for critical government services, ensuring high reliability and data consistency
- Collaborated with **RGI (Delhi)** team on large-scale data migration using APIs, ensuring seamless data transfer across systems
- Diagnosed and resolved production issues, improving system uptime and response stability

Sapphire Software Solutions

Backend Developer Intern (.NET Core) | AUGUST 2022 – SEPTEMBER 2024

- Developed backend features for **Vidyalaya** CRM, a large-scale school management system used by multiple institutions
- Developed 30+ RESTful APIs using ASP.NET Core for student, academic, notice-board, and other core CRM workflows.
- Developed optimized SQL queries and stored procedures to improve data retrieval performance
- Debugged production issues, improving system reliability and reducing failures

SKILLS:

- Backend Programming:** C#, ASP.NET Core, ASP.NET Core Web API, ADO.NET
- Database:** Microsoft SQL Server, Stored Procedures, Query Optimization, Indexing
- API & Architecture:** RESTful API Design, JWT Authentication, Dependency Injection, OOP, SOLID Principles
- Tools:** Git, Postman, Visual Studio, VS Code, SSMS, SQL Profiler

EDUCATION:

Bachelor of Technology (B.Tech), Computer Engineering

Silver Oak University | 2020– 2024 | 9.41 CGPA
