

Michael Scott

Senior Data Scientist & ML Engineer

Professional Summary

Data Scientist with 4+ years of expertise in Machine Learning, Statistical Analysis, and Natural Language Processing. Experienced in training predictive models with Python and deploying ML pipelines into production.

Technical Skills

Python, PyTorch, TensorFlow, Scikit-learn, Pandas, NumPy, SQL, FastAPI, Docker

Work Experience

Data Scientist | Apex Analytics (2021 - Present)

- Built machine learning recommendation systems using Python, scikit-learn, and PyTorch.
- Deployed NLP models for sentiment analysis on customer feedback, improving classification accuracy by 22%.

Data Analyst | FinTech Corp (2019 - 2021)

- Created automated reporting pipelines in Python and SQL.

Education

M.S. in Data Science - Columbia University (2017 - 2019)
